A Welcome Message from FDI President
Prof. Ihsane Ben Yahya

As President of FDI World Dental Federation (FDI), it is my greatest honour to invite you on this journey to our first face-to-face FDI World Dental Congress (WDC) in four years. We are delighted to be co-hosting this meeting with, our member, the Australian Dental Association (ADA). The WDC brings together leaders across the world in dental practice, research, academia, and industry to deliver the highest quality and most innovative and effective continuing education (CE). I am sincerely overjoyed by the opportunity to be reunited with you all in person.

To advance the art and science of dentistry, the WDC will provide a cutting-edge scientific programme with hundreds of CE-accredited sessions, interactive fora, and an extensive dental Exhibition. The dental profession and the dental industry are essential partners in delivering oral health to populations around the world. Bridging the gap between the two is even more important today, as new materials and technology are developed to accommodate the latest treatment philosophies, so we hope companies will mark this key date, 24 to 27 September, in the calendar and leverage the Congress to profile the great work they do.

The WDC will bring together thousands of dentists, dental team staff, students, new professionals, and international practitioners. Companies can therefore, benefit by showcasing their innovative products and services or alternatively, there is an opportunity to share scientific messages and research through an Industry Symposia. Whichever strategy you decide is best for your company, the WDC team are here to support you and we very much look forward to meeting you.

Every element is in place to deliver a Congress that serves to strengthen ties between the dental profession, industry innovators and committed stakeholders to raise the voice of the oral health community and advance the practice of dentistry worldwide.

Let’s work together to lead the world to optimal oral health.

See you in Sydney!
A Welcome Message from ADA President

Dr Stephen Liew

After the last few years, it is my absolute pleasure as Federal President of the Australian Dental Association to invite you to join members of the profession from across the world at the FDI World Dental Congress (WDC) from 24 to 27 September 2023.

This landmark worldwide dental event will bring the global dental profession to Sydney, where we will host to the event across the entire International Convention Centre, one of the newest & most modern facilities of its type in the world.

Thousands of delegates from across the globe are expected, who will soak up seven information streams in the Main Scientific Programme & associated teaching sessions, along with a myriad of networking opportunities and a huge multi-hall exhibition.

Our Local Organising Committee & Scientific Division has worked tirelessly since 2019 to plan the event and include incredible social events to showcase our world-class harbour city. We were particularly pleased to have the magnitude of the event recognized by support from the NSW Government & our latest corporate partner, Qantas.

Exhibiting to dentists and their teams, local and international, presents a rare chance for exposure in what will be the largest exhibition of dental products and services ever held in Australia, and we are excited to offer your brand and business the opportunity to participate as Sponsors and Exhibitors.

Sydney

A city that inspires

Sydney consistently ranks as a leading global and Asia Pacific hub – and Australia’s number one destination for global meetings.

As the largest economy in Australia and the ninth largest in the Asia Pacific Region, Sydney is perfectly positioned to help people and organisations shape a brighter and more prosperous future for local and global communities.

A hive of innovation and thought leadership, the city is making global headlines for being the academic and business hub for Australia’s signature industry sectors. Sydney brings a new and unique global perspective, close proximity to Asian growth markets, and the quality infrastructure and experienced local industry you need. All this, capped off with costs comparable with its global big city peers.

Sydney has the capacity to inspire serious change, particularly in the sectors that align with its competitive strengths. This means greater opportunities to engage with government, academia/research, industry and business, and collaborate with world-leading expertise.

Expect a warm welcome

Sydney is the first stop on many Australian itineraries, and for good reason. It’s an inviting blend of the exhilarating and easy-going. It is a destination of great natural beauty, with a climate that allows year-round enjoyment of beaches, parks and harbour.

The city is Australia’s most multicultural city, with more than 250 languages spoken, and nearly 40% of its people born overseas. Sydney boasts a diverse range of cultures, cuisines and entertainment and every neighbourhood has its own distinctive energy and character. For such a diverse city, Sydney enjoys a remarkable social cohesion and consistently ranks as one of the safest, friendliest and most peaceful cities in the world. The mild climate allows easy access to the great outdoors every day of the year.

Sydney is perfectly positioned to help people and organisations shape a brighter and more prosperous future for local and global communities.
About the venue

The International Convention Centre (ICC) Sydney is Australia’s leading convention, exhibition and entertainment precinct, located at the intersection of the city’s academic, cultural and technology hubs. Distinguished by its striking design, ICC Sydney stands apart as a symbol of excellence in Australia’s most cosmopolitan city.

The FDI World Dental Congress 2023 in Sydney offers a multi-hall Exhibition space across two levels of the International Convention Centre, with Exhibition halls in close proximity to presentation rooms allowing quick and easy access throughout the centre.

A number of custom designed catering spaces will be featured in the Exhibition areas to increase the amount of time delegates and visitors spend in the Exhibition.

**Exhibitor Entitlements**

- A listing of your company including booth/space location in the final Exhibition Catalogue
- Recognition as an Exhibitor (with corporate logo) on the Congress website and Congress App, hyperlinked to the Exhibitor’s homepage
- Attractive advertising rates in the final Exhibition Catalogue and Congress Programme – refer to page 17
- Complimentary teas and lunches on Exhibition days – catered for 2 Exhibitors per 9 sqm (3m x 3m) space

**Planning for the Exhibition**

The Exhibition industry within Australia, and throughout the world, continuous to recover from the enormous impact of Covid 19 lockdowns.

Labour shortages, as well as other material, logistical and construction issues require everyone involved to work together to ensure that your participation at this Congress is highly successful.

To help your organisation’s participation in FDI World Dental Congress 2023, we recommend you:

1. Determine what type of stand you need – booth, system upgrade hire or full custom.
2. Start your planning NOW and engage suppliers to ensure availability of supply.
3. Engage your existing supplier or ask the Congress Management Team for contacts within the Australian industry. If you are an international Exhibitor, or do not have the internal event staff, there are locally based companies who offer a full-service turn-key solution.
4. Consider simplifying your design to reduce potential labour, supply, and installation issues.
5. Ensure you meet the deadlines provided.
6. If you experience any difficulties in sourcing suppliers, reach out to the Congress Management Team for assistance.

Raw Space (custom stands)

Carpet / Flooring not included
Exhibitors installing a raw space (custom stand) must provide the contact details of their appointed stand contractor, together with a design layout showing the dimensions and 3D plan of the stand design for approval by ADA and the ICC Sydney by Tuesday 1 August 2023. Designs must be sent to Nicolette Hughes and should contain information such as stand layout, stand elevation, walls / solid structure heights and electrical fittings.

Height Restrictions
- Solid structures - The height restriction for all solid structures on a custom stand is 4.5 metres, unless otherwise approved in writing by Nicolette Hughes and ICC Sydney. All dual storey stands on any level will require engineer certification prior to build, and following construction prior to occupation.
- Banners and signage - The height limit on related banners and signage is 6 metres – this is from the base of the stand to the top of the banner. Lighting rigs, without exhibitor branding, above this height will be allowed.

Custom Stand Walls
- If your custom stand immediately adjoins another stand then you must supply an acceptable dividing wall (at least 2.4 metres in height). Any exhibitor using any adjoining walls without prior permission or payment will be billed by the ‘owner’ of the wall (usually a display contractor) for the use of their walls.
- Non-transparent wall construction is not permitted to extend more than 50% in any aisle-side of any display stand. After 50% is reached, open construction is mandatory.

Stand disposal requirements
Exhibitors who wish to dispose of their stands must pre-book this service with ICC Exhibition Services prior to attendance onsite. When collecting custom stand plans, it would be great if it’s possible to collect whether they require to dispose of their stand.

PLEASE NOTE: THE EXHIBITOR MUST NOT ASSIGN, SHARE, TRANSFER, SUB-LET, SUB-LICENSE OR OTHERWISE EXCEPT UPON WRITTEN CONSENT OF ADA.
